[160428\\_HT\\_Ludlum\\_A2.pdf](#)

Hi Ben:

This is a priority right now for our assessment planning. Attached are some of the documents that we discussed that need revising.

- o Please create a new HTC Site Overview Map with Areas and Boundary Lines updated

- I have attached the original HTC Overview Areas 04-16-16 and a draft with my revisions, HTC Overview Areas 04-07-17

- Areas 6, 7, 8, & 9 need to be added

- o HTC Figure 8A-Areas of Concern

- I have attached the current figure, Figure 8A (HTC Site Overview and Area of Concern Map Revision 01-07-15) we have used to determine initial areas of concern based on previous gamma surveys

- We need to revise Figure 8A to include the increased gamma reading locations within Areas 2 & 4

- o See attached document "160428 HT Ludlum A2 pdf" (This Figure also needs a correction in Area 8, still has Area 6)

- o Please highlight the excavation area similar to Figure 8A and calculate the area (Square Meters, Square Feet, Cubic Yards)

- We need to revise Figure 8A to include the increased gamma reading locations along the roadway.

- o I have labeled it Area 9 in “HTC Overview Areas 04-07-17”
- o Please highlight the excavation area similar to Figure 8A and calculate the area (Square Meters, Square Feet, Cubic Yards)
- We need to revise Figure 8A to include the increased gamma reading area in the driveways of Areas 6 and 7.
- o You can see this area in Figure “HTC Area 6 & 7 Gamma Survey 10-12-2016”
- o Please highlight the excavation area similar to Figure 8A and calculate the area (Square Meters, Square Feet, Cubic Yards)
- o HTC gamma surveys of the outside areas need to be revised
  - They can be found on OneDrive Link: [HTC 2016 Gamma Survey](#)
  - Please revise the Legends to match the more recent Figure from NFB gamma survey “161213 NFB A5 PreGammaScan”
- The color scheme, gamma reading ranges and size of circles
  - Please work with Chad and Michael Lang to figure out the best way to update the Cross Reference. I did create a folder [HTC Cross Reference](#) but it only contains documents you made for me back in 2015. Eventually I would like the same cross reference excel sheet like NFB and the documents put in folders that describe activity (removal or assessment) and date.

Thanks.

Regards,
